

BATTERY-POWERED DRIVER DRILL

Extremely compact, powerful 10.8 V lithium ion driver drill. Ideal for all light drilling and screwing applications.

BS 10-A
With two 10.8-volt batteries and charger in case
Art. No. 0700 653 2

BS 10-A
In case, without charging unit and batteries
Art. No. 0700 653 01

2 speeds and chucks.

The battery-powered driver drill is suitable for both screwing and drilling.

Light, compact, ergonomic form.

Machine fits well in your hand and allows low-fatigue working.

Lithium-ion technology.

No memory effect, low weight, and hardly any self-discharging of the battery.

Overload protection.

Reliably protects the battery, and therefore provides for a long service life.

LED light.

The working area is always well lit.

3-year warranty.

On manufacturing or material defects.

Available in the fleet management system ORSY®fleet.

Technical Data	
Voltage	10.8 V
Battery capacity	1.3 Ah Li-Ion
Idling speed 1st/2nd speed	0 - 400/1,100 min ⁻¹
Max. torque (drilling stage)	30 Nm
Max. screw dia.	6 mm
Max. drilling capacity in metal	10 mm
Max. drilling capacity in wood	19 mm
Chuck clamping range	1 - 10 mm
Drill chuck holder	1/2" - 20 UNF
Weight incl. battery	1.1 kg

Size compared to an ordinary 9.6 V battery-powered driver: BS 96-A solid (on left) and BS 10-A (on right).
