

## COMPRESSION CABLE LUG

Illustration only

### DIN 46235

- With markings for correct compression

### Application area

For multi-wire, fine-wire and very fine wire copper conductors, such as compliant with DIN EN 60228 Class 2, 5 and 6

### Notice

The user must check the inserted cable (using a pull-out test, if required).

<b>Max. temperature resistance</b>	125 °C
<b>Material</b>	Electrolytic copper
<b>Surface</b>	Tin-plated
