

CPS CABLE INSTALLATION DEVICE 1

Innovative cable installation system for simple, fast, safe pushing in of metal coils.

Time and cost savings

- Faster than conventional cable installation systems
- Tight radii and narrow areas are overcome with unusual ease

Simple handling

One-person operation

Easy to maintain

Rinse out/off device once a week with tap water

No danger of injury for hands

Incl. belt clip and various push-on attachments (standard, corrugated tubes EN 20, EN 25, EN 32) and push-on coupling

Delivery in storage case with storage option for metal coils

Art. No. 0975 850 100

P. Qty. 1

| Spare parts | | | | |
|---|---|---|---------------------|---------|
| Appearance | Application | Description | Art. No. | P. Qty. |
|  |  | Push-on attachments for corrugated tubes EN 20, EN 25, EN 32 (no slipping through of corrugated tube in HW installations, can be bent up to 90°), push-on coupling, belt clip | 0975 850 110 | 1 |
|  | | Push-on attachment for corrugated tubes EN 40 | 0975 850 130 | |
|  |  | Standard push-on attachment (can be bent up to 90°), push-on coupling, belt clip | 0975 850 120 | |
|  | | Cable Pulling Stocking with Loop 4-6 mm | 0975 850 140 | |
| | | Cable Pulling Stocking with Loop 6-9 mm | 0975 850 141 | |
