

Window Strip and Moulding Strip Wedge

- For undamaged assembly of window strips and moulding strips as well as covers.
- Suitable for i.e. Opel GM, Ford, DB and BMW 3-series.
- Made of special unbreakable plastic.
- Due to leverage over the full width no damage is done to the strip.
- With milled edge for easy insertion.
- Semi circular shape on the back allows for easy re insertion of the strip.
- Also suitable for use on convex surfaces.
