

VARIFIX® MULTIPROFILE

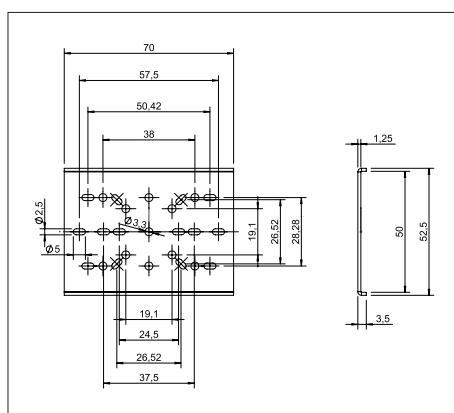

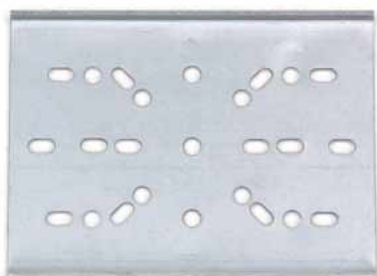

Dimensions in mm	Application	Art. No.	P./m
2,000 x 50 x 3	Front wall installation	0862 090 000	10

The VARIFIX® Multiprofile enables universal use during pre-mounting or mounting at all profile rack works by simply riveting on or screwing on (ZEBRA® pias®). For various pipe systems, valves and wall disks. Can be used for all common sanitary bore hole gages. Unlimited application of multi-profile due to practice oriented system.

- By punching three different rows of holes, the rail is suitable for any hole dimension.
- For various pipe systems, valves and wall disks.
- Can be used for all common sanitary bore hole gages.
- Cable clamps (Art. No. 0520 516) are best suited for fastening the pipe clamp for the drain.

VARIFIX® FIXING PLATES

Dimensions in mm	Application	Art. No.	P. Qty.
50 x 70 x 1.25	Installation of wall disks and connection boxes	0862 090 015	50

- Enables twist-proof, centered installation of wall disks and connection boxes on the rail.
