Min./max. temperature resistance	0 to 60 °C	0 to 60 °C

2-layer floor mat for medium to heavy-duty applications at dry workstations.

The anti-fatigue mats help to improve ergonomics at standing workstations. The properties of the mats help to protect the back and joints.

Mat made from closed-cell PVC foam with asphalt surface

- Wear-resistant, hardened surface
- Bevelled edges reduce the risk of tripping
- Slip resistance R10 in accordance with EN13552
