

POLYESTER COIL, 4.5 MM, WELDED

In practical dispenser

- Coil does not break or tear – no time-consuming repairs necessary
- 50% less friction than conventional cable feed coils
- Considerably easier to use than fibre glass or plastic coils
- Greater pulling forces than fibre glass or plastic coils

Art. No.	0975 850 620	0975 850 630
P. Qty.	1	1
Length	20 m	30 m
Version	With dispenser	With dispenser
Diameter (Ø)	4.5 mm	4.5 mm
Tensile load	250 kg	250 kg
Thread diameter	6 mm	6 mm
Material	PES - Polyester	PES - Polyester
Colour	Traffic black RAL 9017	Traffic black RAL 9017

Scope of delivery: 1 x rubber cable pulling handle, 1 x starting sleeve M6, 2 x pulling head with eyelet M6
