

## HR INSTANT REPAIR TAPE

Color	Width in mm	Length in m	Thickness in mm	Art. No.	P. Qty.
Black				0985 077 230	
red	25.4	3.65	0.5	0985 077 231	1
transparent				0985 077 232	

### Instructions:

The tape welds itself in itself while it is stretched while being wrapped around the object. For additional information, see Technical Data Sheet.

### Applications:

- Repair and sealing of piping and hoses up to pressure of 8 bar (with 1" dia.)
- Sealing and repair, e.g. of heating pipes, cooling lines, fittings, water pipes
- Sealing and repair, e.g. of radiator hoses, oil lines, garden hoses, pneumatic systems
- Sealing and repair, e.g. of lines in construction machines
- Wrapping tool handles
- Additional applications, e.g. for boating, camping, etc.

### Notes:

Tape is not self-adhesive. Only intended for temporary repairs. Not reusable. Change in position not recommended after welding.

**Highly resistant, self-welding silicone tape for instant repairs and sealing applications.**

**Resistant to a broad range of media.**

**Water and air-tight in seconds.**

**Very versatile.**

**Extremely simple, fast application.**

Also optimally suited for breakdown and emergency service.

**Functions even on damp or oily surfaces and under water.**

**Can be removed without residues.**

**Permanently elastic.**
