

## NUT SPLITTER

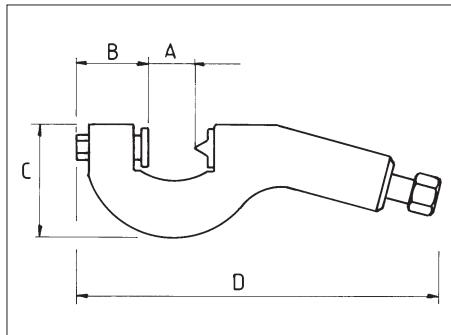

For the splitting of seized nuts up to strength class 6.

- The nut splitter can loosen nuts without damaging the threaded rod (can also be used on the opposite side if necessary).
- Can also be used in small spaces thanks to its compact design.
- Wear safety goggles.
- Body is drop-forged.
- Chisel is tempered.

## HYDRAULIC NUT SPLITTER

For the splitting of seized nuts up to strength class 10.

- Hydraulic force transmission makes it easier to split nuts of high strength.
- After use, the chisel must be pushed back again.
- Wear safety goggles.
- Body is forged.
- Chisel is tempered.
