

DIGITAL MULTIMETER MM 600 TRMS

Modern, digital multimeter with effective value measurement (TRMS), cable break detector and LED pocket torch for professional use in trade and industry.

The Würth MM 600, certified for safe use in CAT IV 600 V environments, offers essential functions for the detection of malfunctions and numerous problems in electrical and electronic systems.

Properties:

- Suitable for measuring AC/DC current, AC/DC voltage, resistance, throughput and diodes
- Can be used for AC/DC voltages up to 600 V and AC/DC currents up to 10 A
- Measures resistances up to 20 MΩ
- Contactless voltage tester (optical and acoustic) for quick detection of cable breakages
- Display hold function
- Automatic switch-off after 15 min
- Fused inputs to protect the measuring instrument
- LCD display for 2000 digits
- Complies with standard EN 61010-2-033

Art. No.	0715 53 415
P. Qty.	1
Display	2000 digits, LCD
CAT measurement category	CAT IV/600 V
IP protection class	IP 20
Min. electrical-resistance measuring range	0.1 Ohm
Max. electrical-resistance measuring range	20 MOhm
Length x width x height	170 x 90 x 38 mm
Number of rechargeable batteries/batteries	2 PCS
Automatic switch-off	15 min
Rechargeable battery/battery permanently installed	No

Application area

Electrical installations, switch cabinet construction, solar technology, E-K hybrid, general electrical and electronic systems.

Notice

Use personal protective equipment in accordance with measurement class.

SPARE FUSE FOR MULTIMETER

Art. No.	0715 53 416	0715 53 417
P. Qty.	3	3
Length	37 mm	37 mm
Max. nominal current	10 A	250 mA
Material	0 - not applicable	0 - not applicable
Max. nominal voltage	1000 V/AC	1000 V/AC
