

UNWINDING RAILS WS900

High-quality, maintenance-free, heavy-duty rollers with ball bearings

- Sturdy stainless steel aluminium construction
- Fully suitable for outdoor use
- With a winding brake for changing the cable drum quickly and easily
- Narrow construction allows it to be used very well in narrow and tight spaces

Art. No.	0975 811 900
P. Qty.	2
Length	900 mm
Width	152 mm
Height	100 mm
Load capacity	850 kg
Weight	11 400 g
Material	Stainless steel A2, 1.4301/aluminium

Application area

For safe unwinding of heavy cable drums from Ø 450 mm to Ø 2000 mm
