Hard Foam with clamping effect	215 x 105 x 30 mm	**0955 131 500**	

Features:

- Precisely manufactured conical spiral profile
- ¾" drive as per DIN 3122
- All sockets also have a wrench flat for the external drive of size 36
- Supplied in metal box with high-quality foam insert with clamping effect
- Suitable for impact wrenches

Easy unscrewing of stripped bolt heads and nuts

Thanks to conical spiral profile

Saves lots of time

Thanks to quick loosening instead of heating or drilling out

Ideal for threaded rods and stud bolts

Thanks to external wrench aid

Applications:

For repair and removal work in any utility vehicle workshop, locksmith's shop, metal construction etc.
