

VEHICLE INTERIOR PROTECTOR SET

5 pcs

Easy to use

- All necessary protectors are packed dust-proof in a plastic bag
- Easy logistics as only one item; saves on storage space and dispensing systems
- Suitable for most passenger car interiors
- Supports mechanics in complying with required quality standards

Seat Protector

Optimal material thickness of 0.015 mm for high tear strength and elasticity

Combi footmat

- Combination of absorbent paper and coated underside prevents saturation
- Protects against oil, dirt and water

Steering wheel, gearstick and handbrake protector

- Elasticated for snug fit
- Protects control elements against soiling
- Steering wheel protector for steering wheels from \varnothing 350–400 mm
