

## ANGLE GRINDER EWS 10-125 COMPACT

**1,000 Watts. Compact angle grinder with the smallest grip circumference in its performance class, for perfect ergonomics and fatigue-free working. Ideal for light to medium grinding and cutting work, e.g. deburring.**

### Constant electronics

Allows fast work progress, because the speed remains constant even under load.

### Restarting protection

Following an interruption in the power supply, the angle grinder does not restart unintentionally, thereby greatly reducing the danger of injury.

### Overload protection and gentle start-up

Increased service life and operating safety of the machine.

### Recoil protection

No recoil if the wheel is blocked by mechanical decoupling. For a high level of user protection and rapid ongoing work.

### Quick-adjustment protective hood

Allows quick, toolless adjustment of the protective hood.

### 3-year warranty

On manufacturing and material defects

<b>Art. No.</b>	<b>5707 003 0</b>
<b>P. Qty.</b>	1
<b>Min./max. nominal voltage</b>	220 / 240 V/AC
<b>Min./max. frequency</b>	50/60 Hz
<b>Protection class</b>	Protection class II / protective insulation
<b>Power consumption</b>	1,000 W
<b>Output</b>	590 W
<b>Max. idling speed</b>	10,500 rpm
<b>Thread type x spindle thread diameter</b>	M 14 mm
<b>Max. cutoff wheel diameter</b>	125 mm
<b>Machine weight</b>	2.1 kg
<b>Cable length</b>	4 m

Delivery scope for Art. No.	Designation	Art. No.	Quantity
