Spark Plug Tools

Spark Plug Cap Pliers

- For removing and attaching shielded spark plug caps with metal covers.
- Can be used with a warm engine, and switched off ignition.

Length mm	Weight g	Art. No.	Pack Qty.
200	216	0715 51 59	1

Spark Plug Terminal Pliers

- Chrome plated.
- Will not damage material even when removing when hot.
- Serration of the long grip sleeve prevents slipping off.

Width over flats mm	Width over flats Inch	Length mm	Weight g	Art. No.	Pack Qty.
16	5/8	480	750	0715 51 54	1

Spark Plug Socket

- With universal joint, spring and spring clamp.
- With outer guiding bush 25.5 mm, prevents damage to the insulators of deeply positioned spark plugs.
- Without inside guiding bush.
- Especially for Daimler Benz engines M 102 (200, 230 E, 200 T, 230 TE, 230 CE).
- Design: mat chromium plated.
